Principal's Message

The efforts of our students have been the greatest reward for all of us at Ruby Park Public School. We have always sought for a platform to showcase the talent of all our pupils. This e-edition will give all viewers/readers a glimpse of how we are evolving as an institution and keeping up with the times. This compilation will also throw light on the balance created between a school curriculum and co-curricular activities which has a far reaching effect in holistic development.

Easter Celebration

12 April 2020

Easter is not only the festival for the Christians, but it is for all. We all celebrate Easter to commemorate the resurrection of Jesus Christ. Easter is celebrated with great fanfare and religious vigour. The students of the pre-primary celebrated Easter with great enthusiasm. Nursery children celebrated it by making cute little bunnies. LKG students made the bunnies on thermocol plate. UKG children have coloured the Easter eggs. Class I students coloured the Easter eggs as well as they showed mesmerizing talents by making paper handprint bunnies. The students from higher classes also participated. Students of class-6 made some beautiful cards, students of class-7 made 'Easter Eggs' and wrote few lines about the 'Easter'. Students from class-8 enrolled their contributions by story writing on 'Easter'. All the students from different classes cordially contributed.

Bengali New Year's Day

14 April 2020

Bengali New Year Day or 'Poila Basishakh' marks the first day of the initial month of 'Baishakh'. A new year steps in. Bengalis all over the world celebrate New Year on this day. The students of the pre-primary section participated whole-heartedly. Students of class LKG created hand-made fans with paper. Students of UKG and class I coloured the 'Sun' which emblemizes the rise of a new start, energy, life and strength. Class V students also took part in this event by writing 8-10 lines on an A4 sheet regarding the new resolutions of the new year. Students from senior classes also showed their passionate presence by making charts, paintings etc.

Earth Day & Blue Colour Day Celebration

22 April 2020

Earth day is an international event celebrated around the globe to pledge support for environmental protection. The motive of celebrating blue colour day was to make the kids aware that blue colour is the colour of the sky and sea. It symbolises trust, wisdom, confidence and truth. In order to emphasize the importance of both the days, the students of pre-primary sections celebrated both the events on the same day with lot of zeal. All the students wore blue coloured dress and performed their Earth Day activity. Nursery children prepared a globe with real objects and took part in Bird Feeding activity. LKG students did sorting of materials such as plastic, glass and paper and tried thumbprinting on a cut-out of the Earth. UKG students did hand-printing on round shape paper with green and blue colour. Class I students acted like gardeners and participated in the activity of watering the plants. They also did germination with mustard seeds as well as made bags out of old clothes. Class 7 students made some models of flower vase, satellites etc. Students of class 8 made different 'masks' on the notion of the day. Students from other classes also contributed on the day with their art-work, collage making, poster making and made the event more significant.

Rabindra Jayanti

8 May 2020

"Where the mind is without fear and the head is held high..." the motivation of life is being reverberated everyday with the chant of his poem. Yes, he is none other than Rabindranath Tagore. His birthday was celebrated with every iota of his creation. Students from different classes enthusiastically recited his poem, participated in dancing and enthralled the atmosphere by singing his captivating songs. His ideology, his omnipresence was well commemorated.

Mother's Day

10 May 2020

MOTHER- a word which emblematises the eternity. She not only creates the world but also brings up the world with her affection, care and sometimes a little scolding. Without mother, life is impossible for all of us. The idea to celebrate the 'Mother's Day' is to admire and acknowledge their incessant blessings on us. Students of the pre-primary section celebrated Mother's Day and showered their love by making different hand made gifts. Students of nursery, LKG, UKG made beautiful palm printing cards. Class I students prepared a Mother's Day badge and sang a beautiful song for their mothers. All the other students surprised their mothers by celebrating this day very specially.

Non-Flame Cooking

15 May 2020

Non-flame cooking was organised to create awareness about the nutritional value of food, cooked without flame. The necessity and advantage of healthy eating was well heralded and students were encouraged to refrain from consuming spicy junk food. Students were told beforehand to be ready with the ingredients and in the live session, the teacher demonstrated and instructed how to make delicious food without using flame. This year non-flame cooking added extra interest as all the children of UKG and class I participated in the activity through online classes. UKG students prepared 'Aloo-chat' and class I students prepared sandwiches.

EID Celebration

25 May 2020

Eid-UI-Fitr is also known as 'The feast of breaking fast' and it is observed by the Muslims worldwide to mark the end of Ramadan. Muslims across the world begin Eid celebration by partaking in communal post dawn prayers. Children of the pre-primary section celebrated Eid by making handmade cards. Nursery children made moon and stars. LKG students made hand-made photo frame card. UKG students did art work of moon and stars on thermocol plates. Class I children made hand-made card and have written a short note for their dear ones.

EVENTS & ACTIVITIES

World Environment Day

5 June 2020

On the World Environment Day, students from different classes made charts, posters and wrote slogans on environmental awareness. Thereafter different parts of the slogan were collaborated to create a photo collage for spreading the message to save our environment. Their praiseworthy efforts induced a sense of responsibility towards conservation and helped us to be more aware about our environment.

Father's Day

21 June 2020

If mother is the creator then a father can be a protector. The attachment with the father is also eternal. The celebration of Father's Day was done to acknowledge their enormous contribution in our life. Pre-primary students celebrated Father's Day by making cards. Nursery children made palm printing cards for their fathers. LKG students made a face cutting card with a hat on top and coat. UKG made a card with the chocolate box. Class I students created a card that looked like a shirt for their fathers. All other students also cordially acknowledged the contribution of father in their lives.

World Music Day

21 June 2020

"What I have in my heart and soul must find a way out. That's the reason for music." — Ludwig Van Beethoven.

Music can heal our soul and help it to find solace. On Music Day, paintings, art and crafts and musical performances were organised where the students exhibited their love and passion for music and their performances were supplemented and accompanied with suitable accompaniments.

Water Play Activity

24 June 2020

Water play is both enjoyable and educational. It helps children to develop eye-hand co-ordination as well as to develop maths and science concepts. Pre-primary sections participated in water play activity through online class. Nursery children did water play by straining the bottle caps. LKG students enjoyed cleaning their toys. UKG students made an aquarium as well as fishes out of foam sheets and enjoyed their activities. The Rocket

I'm building a rocket
To go up into space
I might visit the moon
It's going to be ace
I am really excited
To see the glittery stars
When I travel in my rocket
Will there be aliens on Mars?
I'm building a rocket
And having great fun
We can zoom pass the planets
Untill we see the sun .
I'm really excited
To fly through the air
Let's go passed the milky way
I really can't wait to go there

Nature

Nature is quiet but beautiful
It keeps our minds peaceful
We can hear birds chirping
We can see butterflies fluttering
We can smell flower's scent
We can feel wind soft sigh
Everything that lives and grows is nature
Even a nature is god's creature
There must be something we can do
Save our air, Save our lives, Save our nature
Care the things around you

আমি প্রজাপতি হতে চাই

অনেক দিনের শখ আমার, আমি প্রজাপতি হতে চাই।
আমি প্রজাপতি হতে চাই।
রঙিন দুটি পাখা দিয়ে
উড়ব নীলাকাশে,
দেখব আমার প্রিয় ধরণী
যেথা, নীল সবুজে গিয়ে মেশে।
আমি প্রজাপতি হতে চাই।
যেথা ছেলেরা করে খেলা
মেয়েরা বাঁধে ঘর,
যেথা ফুলেরা ছড়ায় সুবাস
ছোট বড় কারও নাই ডর।
সেথা শিশুরা করে মায়ের কোলে খেলা
সেথা পাখিরা করে কুজন সারাবেলা,
আমি প্রজাপতি হতে চাই-
অনেক দিনের শখ আমার, আমি প্রজাপতি হতে চাই।

মা

ও মা তোমায় ছাড়া ঘুম আসে না,
রাত্রি শেষে ভোর আসে না,
মেঘের কোলে রোদ হাসে না,
রামধনুতে রঙ ভাসে না।
মাগো তোমায় ছাড়া দিন কাটে না -
দিঘির জলে ফুল ফোটে না,
স্বপ্নরা কেউ পথ হাঁটে না,
পক্ষীরাজও আর ছোটে না।
মাগো তোমায় দিয়েই শুরু জীবন,
তোমায় দিয়েই শেষ।
তোমায় ছাড়া এই দুনিয়ায়
নাই যে খুশির রেশ।
মাগো প্রতিটি বার জন্ম নিয়ে
তোমার কাছে আসবো,
আর এমনিভাবেই সারাজীবন
তোমায় ভালোবাসব।

प्यारी माँ

प्यारी जग से न्यारी माँ,
खुशियाँ देती प्यारी माँ।
चलना-फिरना हमें सिखाती माँ
सच्चा पथ दिखलाती माँ।
खाना हमें खिलाती माँ,
लोरी हमें सुनाती माँ।
थपकी देकर सुलाती माँ,
कष्टों से हमें बचाती माँ।
प्यारी जग से न्यारी माँ
खुशियाँ देती प्यारी माँ।

अमूल्य उपहार

वह था सात जुलाई का दिन-मेरा जन्मदिन। हमेशा की तरह उस दिन मैं बहुत खुश था। पर न जाने क्या हुआ कि मेरे परिवार वालों ने मुझे जन्मदिन की शुभकामनाएँ ही न दीं। मैं बहुत उदास हो गया। पूरा दिन ऐसे ही बीता और शाम को मैंने अपने आप को घर में अकेला पाया। फिर अचानक दरवाज़ा की घंटी बजी। दरवाज़ा खोलते ही मेरा परिवार और मेरे दोस्त कीमती उपहारों एवं शुभकामनाओं की बारिश करने लगे और मैं बहुत-बहुत खुश हुआ। बाद में मुझे समझ आ गया कि मेरे परिवार वाले मुझे यह सीख देना चाहते थे कि 'सब्र का फल मीठा होता है।' यही सीख मेरे जीवन का अमूल्य उपहार बन गई।

Yuvraj Singh: This “Punjab da Puttar” has given us wonderful moments from 2002 in Lords to ICC World T20 in 2007, to 2011 Cricket World Cup. Hardly did he know that this winning glory was waiting to be overshadowed by the deadly disease he had been carrying in his lung. Yuvraj Singh’s cancer story is a living testament of how far a human soul can go and how much power each of us have in ourselves if we have the zeal to fight back to life for the passion we have. Yuvi is the man who revolutionized the fielding standards of Indians and the hero of the 2007 and 2011 World Cups. Moreover, he is a man who refused to give up and played the 2011 CWC though he was struggling to manage his breath, vomiting frequently suffering from lung pain and nausea because he chose to give his best than losing it to his adverse health situations. He said the only thing that kept him going was his mental strength that he gained being a sportsman for so many years. As the treatment was a long and mentally draining phase of his life, he said, it was important to be mentally strong since the stronger one is mentally, the stronger the body starts believing it is.

Fun Facts

Do you know all the seven continents of present day were attached to each other once upon a time?

Pangaea was a super continent that existed millions of years ago when the dinosaurs would roam around the world. Millions years ago the movement of tectonic plates over the earth’s rocky shell known as mantle led to great collisions with each other that resulted in birth of this super continent named Pangaea. All the seven continents of present day were part of this big landmass.

And this super continent was surrounded by a super ocean named Panthalassa . It comprised all the present oceans.

Isn’t it interesting?

Picture of that super continent and super ocean is given here.

1. **Priyanjana Sanyal:** During these days of crisis due to covid 19 pandemic, the online classes are really very helpful for the children. The efforts on the part of the teachers is really appreciable. Please continue with your curriculum and also keep the children occupied with physical activity classes/programme as much as possible because that can really help them to stay fit.
2. **Shibayan Ghosh:** Though my son Shibayan Ghosh is a new student of this school, but we're really impressed by the on line sessions as we have navigated over past one month. Now more than ever we are proud to say, that Shibayan is one of the student of this school and grateful to have such wonderful teachers in all of you. Thank you for all of yours great lessons and efforts.
3. **Rheanna Bernard:** First of all I would like to thank my school for arranging online classes during this pandemic. Classes are very well planned and laid out by our teachers. Teachers are giving their best for us students. Even yoga n ADMI classes are being given equal importance and is taken online. Even homework is checked and mistakes pointed out to us. Thanks to our teachers and all those who are associated in making us students do our classes online. Though I miss going to school but then online classes is a different experience

Simple can be harder than complex: You have to work hard to get your thinking clean to make it simple. But it's worth it in the end because once you get there, you can move mountains.
